

## Table of Fees for Eligible Electronics

The following table helps clarify which electronics products should be charged Advance Disposal Surcharges (‘environmental fees’) when sold or supplied in or into Alberta and which products should not be charged.

This is not considered an exhaustive list. If you require assistance in verifying whether or not a particular electronics product should be charged an environmental fee, please call Alberta Recycling at 1-888-999-8762 or email us at [electronics@albertarecycling.ca](mailto:electronics@albertarecycling.ca)

**PROGRAM ANNOUNCEMENT - CHANGES EFFECTIVE JULY 1, 2013**

1. **All-in-one computers:**
  - a) **The fee for units with a screen size of less than 30" will be \$4.40**
  - b) **The fee for units with a screen size of 30" or more will be \$10.00**
  
2. **Stand-alone scanners, fax machines and photocopiers will be added to the same environmental fee category as printers and will therefore be subject to a \$4.80 fee**

Category of eligible electronics	Environmental fees	Definitions; additional detail
<b>COMPUTERS (CPU) &amp; SERVERS</b>  (also see “All-in-one” computers on page 2)	<b>\$4.40</b>	This category includes but is not limited to: <ul style="list-style-type: none"> <li>CPUs/servers which are not physically embedded or contained within industrial, commercial point-of-sale (POS), medical imaging, diagnostic, monitoring or control equipment which can also function as stand-alone CPU’s/servers outside of an industrial, commercial POS, medical Imaging, diagnostic, monitoring or control equipment function.</li> <li>Blade (rack mount), desktop and floor standing servers</li> </ul>
<b>PRINTERS</b>  (As of July 1, 2013, stand-alone scanners, fax machines and photocopiers will be included in this fee category)	<b>\$4.80</b>	This category includes but is not limited to: <ul style="list-style-type: none"> <li>All printers/printer combinations weighing less than 1,000 kilograms</li> <li>Large multi-function printer copiers: document centres &amp; facsimile machines with computer direct or networked printing function</li> <li>Printers which are not physically embedded or contained within industrial, commercial POS, medical imaging, diagnostic, monitoring or control equipment which can also function as stand-alone printers outside of an industrial, commercial POS, medical imaging, diagnostic, monitoring or control equipment function.</li> <li>Label, barcode and card printers that are <u>not</u> handheld with computer-direct or networked printing function</li> <li>Desktop photo printer (including dock printers)</li> <li>Commercial plotter</li> </ul>
<b>LAPTOP, TABLET PC AND NOTEBOOK COMPUTERS</b>	<b>\$1.20</b>	Tablet definition: <ul style="list-style-type: none"> <li>A portable computer with an integrated touch screen display which can connect wirelessly, WiFi and/or via cellular network for purposes of data exchange and transfer. A tablet does not have cellular phone capability.</li> </ul>

Date published: March 26, 2013. This table does not include changes made after the date published. For the most up-to-date information, please refer to Alberta Recycling’s website [www.albertarecycling.ca](http://www.albertarecycling.ca) or call the office toll-free at 1-888-999-8762.

<b>Visual Display Devices</b>		<p>This category includes but is not limited to:</p> <ul style="list-style-type: none"> <li>• Devices with built-in components necessary to operate as a monitor.</li> <li>• Closed circuit monitor screens (security or multi-purpose).</li> <li>• Devices with a television tuner or a device that can operate as both a computer monitor and television.</li> <li>• Monitors or televisions which are not physically embedded or contained within industrial, commercial POS, medical imaging, diagnostic, monitoring or control equipment which can also function as stand-alone monitors outside of an industrial, commercial POS, medical imaging, diagnostic, monitoring or control equipment function.</li> </ul>
a) Less than 30" screen	a) \$4.00	
b) 30" screen and larger	b) \$10.00	

### All-in-One Computers

**Fees effective to June 30, 2013**

- When a computer and visual display device with a screen size of less than 30" are combined in one unit, the all-in one fee is \$8.40 (based on the computer fee of \$4.40 and the visual display device fee of \$4.00 added together).
- When a computers and visual display device with a screen size of 30" and larger are combined in one unit, the all-in-one fee is \$14.40 (based on the computer fee of \$4.40 and the visual display device of \$10.00 added together).

**Fees effective July 1, 2013**

When a computer and visual display device are combined in one unit, the following fees will apply:

- for units with a screen size of less than 30", the all-in-one fee will be \$4.40
- for units with a screen size of 30" and larger, the all-in-one fee will be \$10.00

### Environmental fees do not apply to:

The individual sale or supply of a keyboard, mouse, cables or speakers (the \$4.40 fee charged on the sale of computers covers the recycling of these peripheral items).

Cellular enabled PDA

Computer/server which is physically embedded or contained within:

- Industrial, commercial POS, medical imaging, diagnostic, monitoring or control equipment.
- ATM kiosk, self-service kiosk, gas station pump

Digital Photo Frames

Digital Press

Handheld device with a printing function (e.g. label makers, calculators)

Interac printer

Monitors and TVs designed for use solely in a motor vehicle, boat or RV, such as:

- In-vehicle DVD monitors,
- DVD navigation systems

Monitors and TVs that are physically embedded or contained within:

- Industrial, commercial POS, medical imaging, diagnostic, monitoring or control equipment.
- ATM kiosks, Self-service kiosks, exercise equipment, refrigerators
